

**Indiana Pest Management Association Summer Meeting**  
*Wyndham Garden Hotel - Warsaw, Indiana*  
*2519 E. Center Street*

July 20, 2019

Program

- 8:00 – 9:15 am *Bobby Corrigan, Consultant*  
**Latest Rodent Monitoring and Detection Technologies**  
Sharpen your skills in delivering rodent technology management.  
*CCHs – 1.25 in 7a & RT*
- 9:15 – 10:45 am *Gene White, Technical Director (Rentokil)*  
**Mosquito Management Tools & Techniques**  
Disease vectors such as mosquitoes are creating global concerns as impacted by climate changes. How IPM is done.  
*CCHs – 1.5 in 7a, 8 & RT*
- 10:45 am – 12 noon *Aaron Ashbrook, Purdue Graduate Student*  
**Behavior and Heat Management of Bed Bugs**  
Aaron's Ph.D. research will be highlighted as it relates to managing bed bugs.  
*CCHs – 1.25 in 7a & RT*
- 12 noon – 1:00 pm *David Scott, Director (Office of the Indiana State Chemist)*  
**Regulatory Update**  
Current Developments and concerns both state and national  
*CCHs – 1 in 3a, 3b, 7a, 7b, 7d, 8, 12 & RT*
- 1:00 – 2:00 pm *Bobby Corrigan, Consultant*  
**Using Rodent Behavior to Maximize Bait Effectiveness**  
Tips and tactics related to rodent behavior that can impact rodent management – the Sherlock Holmes Approach – understanding behavior in the use of rodent baits.  
*CCHs – 1 in 7a & RT*
- 2:00 – 3:00pm *Gene White, Technical Director (Rentokil)*  
**Understanding Carpenter Bees and Ants**  
These wood-destroying insects are becoming more problematic. Gene will discuss why this is happening and how to deal with it through IPM.  
*CCHs – 1 in 7a, 7b & RT*
